

Garrett Stack

Data Analytics Trainer and Consultant

Dublin, Ireland | garstack@gmail.com | [linkedin.com/in/garrett-stack](https://www.linkedin.com/in/garrett-stack) | [garstack.com](https://www.garstack.com)

PROFESSIONAL SUMMARY

Training and enablement professional with 15+ years in technical education, now applying that expertise to data analytics adoption and training. Completed the Google Advanced Data Analytics Specialization and hold a Diploma in Geographic Information Science including data analysis using R. Experience delivering analytics-adjacent training in GIS, LMS reporting and data-driven learning design. Strong ability to translate complex analytical concepts for non-technical audiences - helping organisations get real value from their data tools and platforms.

PROFESSIONAL EXPERIENCE

Independent Professional Development | [Self-directed](#) *Apr 2024 - Present*

- Completed Google Advanced Data Analytics Specialization - covering Python, statistical analysis, machine learning fundamentals and data visualisation.
- Currently completing a Postgraduate Certificate in Digital Technologies including Data Science for Business module.
